Cold Blooded stars Jason Priestley as Cosmo. (One hilarious thing about this movie is that, with only two exceptions, none of the characters has a last name.) Cosmo is, well, dumb. I'm not saying he's a moron, that's overstating matters, but he's definitely operating with a subnormal IQ.

DeLeo writes a fantastic cast of characters, led by Nick, the dangerous and cold-blooded assassin with a sense of humor, a heart, and a soft spot for children and dogs. His supporting cast is no less interesting. Rachel is a strong female lead, smart, sexy, and ultimately the perfect complement to the formerly solitary Nick.

Thermographic image: a cold-blooded snake is shown eating a warm-blooded mouse Warm-blooded is an informal term referring to animal species which can maintain a body temperature higher than their environment. In particular, homeothermic species maintain a stable body temperature by regulating metabolic processes.

Olivia Benchet, convinced that there is a serial killer in New Orleans because of her visions of murder, turns to detective Rick Bentz, who does not believe her until another killing occurs exactly as she described it.

Powerful account of the brutal slaying of a Kansas family by two young ex-convicts.

Read Book Cold Blooded

From a New York Times – bestselling journalist: The story of the murder of a California attorney at the hands of the lethally cunning wife he never doubted. A wealthy and well-connected legal ace and the proud owner of a champion show horse, Larry McNabney had every reason to love his life. But when he disappeared in September 2001, his wife, Elisa, claimed he joined a cult. When Larry ' s body was found in a shallow grave three months later, Elisa was already gone. In a red convertible Jaguar, her brown hair dyed blond, Mrs. McNabney was speeding toward a new life in Florida—and a brand new identity. Who was Elisa McNabney? Beautiful, seductive, and ruthless, she had thirty-eight aliases and a rap sheet a mile long. Carlton Smith, coauthor of the true crime classic *The Search for the Green River Killer*, reveals one shocking surprise after another in this harrowing tale of broken vows and deadly betrayal.

In 1959, Olathe, Kansas, was made famous by the murder of the Clutter family and Truman Capote ' s groundbreaking book on the crime, *In Cold Blood*. But fewer know that Olathe achieved notoriety again in 1982, when a member of Olathe ' s growing Evangelical Christian population, a gentle man named David Harmon, was bludgeoned to death while sleeping—the force of the blows crushing his face beyond recognition. Suspicion quickly fell on David ' s wife, Melinda, and his best friend, Mark, student body president of the local Bible college. However, the long arms of the church defended the two, and no charges were pressed. Two decades later, two Olathe policemen revived the cold case making startling revelations that reopened old wounds and chasms within the Olathe community—revelations that rocked not only Olathe, but also the two well-heeled towns in which Melinda and Mark resided. David ' s former wife and friend were now living separate, successful, law-abiding lives. Melinda lived in suburban Ohio, a devoted wife and mother of two. Mark had become a Harvard MBA, a high-paid corporate mover, a family man, and a respected community member in a wealthy suburb of New York City. Some twenty years after the brutal murders, each received the dreaded knock of justice on the door. *A Cold-Blooded Business* provides fascinating character studies of Melinda and Mark, killers who seemingly returned to normalcy after one blood-splattered night of violence. Featuring a new afterword by the author covering the events of the past five years, this fast-moving true crime narrative is a chilling exploration into the darkest depths of the human psyche.

In this searing exploration of deadly codependency, the author takes the reader on a spellbinding voyage of discovery that examines the questions: Are some people naturally too caring? Is caring sometimes a mask for darker motives? Can science help us understand how our concerns for others can hurt everything we hold dear? This gripping story brings extraordinary insight to our deepest questions. Is kindness always the right answer? Is kindness always what it seems?

One of the biggest names in street fiction takes a hard look at the life of a hit man--and what he must do to leave his violent past behind.

Magic, mayhem and madness explode in this third installment in the Jessica McClain series. Jessica McClain is on the run...

again. Finally reunited with Rourke, Jessica arrives home to find that her best friend has been kidnapped, her father has vanished, and the supernatural Sects -- witches, demons, and sorcerers --- don't even have the courtesy to wait until she is unpacked to attack. Now, mastering her powers as the sole female werewolf might not be enough to save them. Thrown together in a shaky truce with the Vampire Queen, Jessica must show all the different Sects what the true meaning of "the enemy of my enemy" is or her father will die...

"Toni's books will make your heart pound and leave you breathless as she takes you on a roller coaster of thrills and danger along with the characters." Kaylea Cross - New York Times and USA Today bestselling author. A journalist searching for the truth about her best friend's death—and the FBI agent who needs her to stop. Disgraced investigative journalist Pip West is devastated when she discovers her best friend's body face-down in a tranquil lake. When cops and federal agents determine that her friend overdosed then drowned, Pip knows they're mistaken and intends to prove it. Special Agent Hunt Kincaid doesn't trust journalists and has no patience for Pip's delusions, especially since her meddling could reveal why the FBI is interested in her friend's last days. The dead scientist worked at the cutting edge of vaccine research and might have a connection to a new, weaponized, vaccine-resistant anthrax strain that just hit the black market. The more Pip digs, the closer she gets to both the sexy FBI agent, and to a bioweapons terrorist who's more than capable of cold-bloodedly sacrificing anyone who gets in his way.
