10 Best Chaos Magick Books - Occultist  
One book I speak of in particular is  
Andrieh Vitimus's "Hands on Chaos  
Magick". During the heaviest portion of  
my involvement with chaos magick, I  
would scour the local bookstores and  
Borders for any sort of occult tome that  
was up to snuff. No energetic woo-woo  
shit, no neutered and fluffy  
personifications of Nature to be  
worshiped, and nothing that smacked of  
Victorian, high-minded sensibilities about  
"Ye Arte Magickal" that reduced it all to  
an amateur play-write's social club.

Chaos magick, when not in the hands, hearts and pens of elitists or those who have exchanged old ideologies and "isms" for a new, equally restrictive set of beliefs and practices (and prejudices), is an eclectic, umbrella term for the sum and total of all magickal endeavor, from so-called primitive shamanic practiques to the most sophisticated hermetic or kabalic systems.
