"The land is the only thing in the world worth working for, worth fighting for, worth dying for, because it's the only thing that lasts" This is a quote from Gone with the Wind back in 1939...and it's more relevant than ever today. Why? Property will never lose money. So are you a Developer or an Investor? This might seem like a strange thing to pose at first, but many novice property entrepreneurs are not quite sure what the difference is and hence go into this being a bit of both. A Developer carries out building work to either build/convert or renovate a property with a view to selling it at a profit in as short a time as possible. An Investor is only looking to get a tenant into the property to pay rent, thus providing a regular income to the investor. Obviously there is a lot of crossover here, it's not black or white but many shades of grey. Inside this book you will find everything you'll need to know about making money from property: Chapter 1: Getting Starting In Property Investing Chapter 2: Finding Potential Property For Investment Chapter 3: Analyzing The Property Chapter 4: Easy Questions To Ask Chapter 5: Buying An Investment Property Chapter 6: Overhauling Your Property Chapter 7: How to pay for home improvements: extra mortgage borrowing or a personal loan? Chapter 8: Strategies In Marketing Your Property Curious? Check out this easy to read guide on how to get started on making money with property from - a new chapter in your life and a fantastic way to earn a living.
