Social planning emphasizes the application of rational problem-solving techniques and data-driven approaches to identify, determine, and help coordinate services for target populations.

Social Planning | Encyclopedia of Social Work

Definition: Social planning is a process to develop policies, plans, and programs for human services. Practitioners work in public or private settings; in functional areas such as health, housing, or welfare; and in territories ranging from neighborhood to nation. (Checkoway, 196) Apply: Social planning can be applied to community development work by providing a framework for the interactional role of social workers and community organizers in applying their knowledge and expertise in ...

Community Development Theories: Social Planning

Social planning can be an effective means of community organization and development, and of policy change, if it's entered into in a spirit of partnership with the community. If, as either a policymaker or a community builder, you can make it a truly inclusive and participatory process, chances are that it will have long-lasting, positive results for both policymakers and the community.

Social planning & community services. Human services are a significant part of local government's role in providing for the social wellbeing of communities. Councils undertake a critical role both in social planning and in the coordination and delivery of human services at the local level. As the representative body for the local government sector, our advocacy is primarily undertaken in relation to policy, planning and funding in negotiations with the Victorian and Australian Governments ...
