Somewhat dated as it was published in 1981, The Kingdom is a fine introduction to what life is like in Saudi Arabia and how that country came to be. It was mostly the work of one man: Abdul Aziz ibn Saud, and much of the book is about this remarkable leader. Today, it is his family that runs Saudi Arabia.

The House of Saud is the ruling royal family of Saudi Arabia. It is composed of the descendants of Muhammad bin Saud, founder of the Emirate of Diriyah, known as the First Saudi state, and his brothers, though the ruling faction of the family is primarily led by the descendants of Ibn Saud, the modern founder of Saudi Arabia. The most influential position of the royal family is the King of Saudi Arabia. The family in total is estimated to comprise some 15,000 members, however the majority of pow

Follows the line of the Saudi succession from its nineteenth-century origins to the present and chronicles the nation's ruling families' progression to an oil superpower.

A Pulitzer Prize-winning journalist from The Wall Street Journal draws on three decades of firsthand experience to profile the Saudi Arabia of today, offering insight into its leaders, citizens, cultural complexities and international prospects.

"It's all here-Islam, the family tree, a sea of oil and money to match, palace intrigue...This is high drama and an epic tale." -Tom Brokaw
Though Saudi Arabia sits on one of the richest oil deposits in the world, it also produced fifteen of the nineteen 9/11 hijackers. In this immensely important book, journalist Robert Lacey draws on years of access to every circle of Saudi society giving readers the fullest portrait yet of a land straddling the worlds of medievalism and modernity. Moving from the bloody seizure of Mecca's Grand Mosque in 1979, through the Persian Gulf War, to the delicate U.S.-Saudi relations in a post 9/11 world, Inside the Kingdom brings recent history to vivid life and offers a powerful story of a country learning how not to be at war with itself.

This is an environmental and political history of Saudi Arabia, revealing the power of the environment to shape and influence the political state. Jones traces the modernization of the Saudi state and its rich oil reserves that were developed with the help of U.S. expertise and a technocratic elite who managed not only the vast oil reserves and water supplies but also the growth of political institutions. From the time oil was discovered in the 1930s, its control has been at the center of Saudi political authority and of the modern state. In addition the state quickly learned to exploit access to water as a means of controlling the population. Jones demonstrates the power of the Saudi environment to influence its modern political institutions and ideologies over the last eighty years. It is a fascinating story that helps explain not only how the Saudi state was transformed but also how the U.S. was inextricably involved in its technological and political modernization from the beginning.

Osama bin Laden's former sister-in-law provides a penetrating, unusually intimate look into Saudi society and the bin Laden family's role

Download Ebook The Kingdom Arabia And House Of Saud Robert Lacey

within it, as well as the treatment of Saudi women. On September 11th, 2001, Carmen bin Ladin heard the news that the Twin Towers had been struck. She instinctively knew that her ex-brother-in-law was involved in these horrifying acts of terrorism, and her heart went out to America. She also knew that her life and the lives of her family would never be the same again. Carmen bin Ladin, half Swiss and half Persian, married into and later divorced from the bin Laden family and found herself inside a complex and vast clan, part of a society that she neither knew nor understood. Her story takes us inside the bin Laden family and one of the most powerful, secretive, and repressed kingdoms in the world.

The Saudi royal family has survived the events of the Arab Spring intact and unscathed. Any major upheavals were ostensibly averted with the help of oil revenues, while the Kingdom's influential clerics conveniently declared all forms of protest to be against Islam. Saudi dollars bent events to the Kingdom's will in the Arab world-particularly in Syria, Yemen and Bahrain, but also in Egypt and Lebanon, Saudi cash has had a profound impact. Does this mean that all is well in Saudi Arabia itself, which has an extremely youthful population ruled by a gerontocracy? Problems endemic in Egypt, Tunisia and Syria-youth unemployment, corruption and repression-are also evident in the Kingdom and while young Saudis may not yet be taking to the streets, on Twitter and Facebook their discontent is manifest. Saudi Arabia remains the dominant player in the Gulf, and the fall of the House of Saud would have explosive repercussions on the GCC while the knock-on effect worldwide would be immeasurable. Saudi Arabia is the only oil exporter capable of acting as a 'swing producer', a fact of which this book reminds us. Aarts and Roelants have drawn a compelling picture of a Middle East power which, while not presently endangered, may soon deviate from the trajectory established by the House of Saud.

Saudi Arabia is a country defined by paradox: it sits atop some of the richest oil deposits in the world, and yet the country's roiling disaffection produced sixteen of the nineteen 9/11 hijackers. It is a modern state, driven by contemporary technology, and yet its powerful religious establishment would have its customs and practices rolled back to match those of the Prophet Muhammed over a thousand years ago. In a world where events in the Middle East continue to have geopolitical consequences far beyond the region's boundaries, an understanding of this complex nation is essential. With *Inside the Kingdom*, British journalist and bestselling author Robert Lacey has given us one of the most penetrating and insightful looks at Saudi Arabia ever produced. More than twenty years after he first moved to the country to write about the Saudis at the end of the oil boom, Lacey has returned to find out how the consequences of the boom produced a society at war with itself. Filled with stories told by a broad range of Saudis, from high princes and ambassadors to men and women on the street, *Inside the Kingdom* is in many ways the story of the Saudis in their own words.

Om Saudi Arabiens nyere historie

"Judy MacDonnell spent six and a half years in the Kingdom of Saudi Arabia during the 1990's. In this book she recounts her experiences working as a Physical Therapist in a medical facility for the largest oil company in the world. Prepare to walk down the dusty streets of Al Khobar. Hold your breath as Judy is kidnapped on her first shopping trip in Dammam, chuckle at the confusion created using the English language, and be amazed at the thrilling story of Abdul Aziz, the first King." -- Back cover.
